

## The Haven Scholarship Program

The Haven Scholarship Program is designed to assist Stowe High School students planning to attend college. The scholarship provides the funding to allow a junior class student to work with P.J. Goldberg of CollegeFind and to take advantage of all CollegeFind college planning services at no cost. The scholarship extends from February of junior year through senior year.

*The Haven Scholarship was founded in memory of Haven Sterling Shonio. Haven was born on September 24, 1994 and grew up in Stowe, VT. She attended The Stowe Co-op Nursery School, Stowe Elementary and Middle Schools. In 2013, Haven graduated from Stowe High School receiving four scholarships. She completed her 1st semester at Flagler College in St. Augustine, FL before a tragic car accident took her life in December of 2013. Throughout her life, she had a passion for reading, and this blossomed into a love of writing. After an internship at The Stowe Reporter newspaper, Haven decided to make a career of her writing. She often mentioned wanting to write "the great American novel." Haven also loved history and was an avid "Newsie". She kept up with current events and could engage in conversation with anyone. She would have been an English major at Flagler and had been already hired to work in Flagler's Writing Center, as a second semester freshman.*

*"Haven didn't think that she would be accepted at Flagler College, though it was her 'reach' school. We now know that it was a perfect fit for her. She ended her first semester with straight A's and made the Dean's List. Haven savored the guidance, skills and confidence PJ Goldberg provided to her during their time together within the CollegeFind program."*  
— Penny Shonio

Those who wish to participate are asked to fill out the application and return it to the the College Find address below by February 23, 2024. A chosen team will review all candidates to select the recipient. The award will be made on March 6, 2024.
